Editorial Comments and Corrections

The Stated Clerk desires to place on record in immediate connection with the foregoing statistical tables, the indebtedness of the Church to Mr. Henry Barraclough, Office Manager, for the painstaking care which he has exercised in the immediate supervision of the preparation and printing of the statistics, and in particular, in connection with the preparation of the new set of statistics based upon the reports received from General Assembly, Synodical and Presbyterial agencies as to the amounts received by them from individual churches.

In preparing this latter set of tables for the first time, every available check has been used, and the utmost care has been taken to secure correctness. Except for such aid as has been most willingly given by the Central Receiving Agency at 156 Fifth Avenue, New York, the editors have been entirely without such information as will in future years be available to test the accuracy of the figures.

For the following errata at the time of going to press, we are indebted to Rev. Herman C. Weber. An examination of the proof sheets shows that with one exception all the errata here noted were corrected in the proof, and the errors have occurred after the final proof left the Office of the General Assembly. In view of the character of the tables, and the extreme difficulty of producing them accurately in such a short space of time, it is most remarkable that so few errors have occurred at the printery.

As to the future: we who are responsible for the preparation of these statistical tables earnestly request the clerks of sessions, presbyteries and synods, and all treasurers interested, to send us constructive suggestions as to how we may make these tables as accurate as possible.

Lewis Seymour Mudge, *Stated Clerk.*
